

**CREATE  
AN ONGOING  
LEGACY OF  
TRANSFORMATION**

WORLD VISION ENDOWMENT FUND

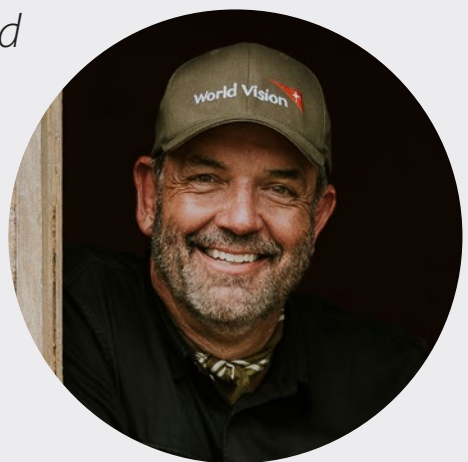

# BECOME A CHANGE MAKER AND A GUARDIAN OF FUTURE GENERATIONS.

Through the World Vision Endowment Fund, you can extend your voice and help transform the world for generations to come.

Your legacy can be a testament to the values and causes that matter most to you, empowering you to make long-lasting change for something you truly believe in.

*"World Vision is the largest force for good on Earth, driven by everyday people. Together we choose each day to do what is doable. Side by side, we grow up like trees to the sky. We become an enormous forest and bush that does good all around the world."*

**- Daniel Wordsworth, CEO,  
World Vision Australia**

# AUSTRALIANS HAVE HELPED US GO TO PLACES WHERE WE'RE NEEDED MOST.

Working with vulnerable communities around the world, we have the systems, expertise and tools to tackle the root causes of poverty that directly affect each community.

Our team is already on the ground, embedded in these communities. We use tried and tested methods and models to deliver sustainable change, leading to transformational differences for children.

For long-term development, we partner with groups of communities in defined regions through Area Programs. These involve 10,000 to 50,000 people and last up to 15 years.

Each context is different, and we work alongside communities every step of the way. We support them to define their goals and drive development, so they can create sustainable change for the community.

We work hand in hand with each community to address their unique needs, achieving lasting change in areas such as access to clean water, food, health, education and more - helping to create transformation and sustainable change in a child's life.

With a demonstrated ability to get funds anywhere they are needed, we work with the most vulnerable people in some of the hardest-to-reach places in the world.

Through the World Vision Australia Endowment Fund, your donation will help to generate an ongoing income stream. This will allow us to continuously support the most vulnerable children and their families through all our work.

**Every 60 seconds ...  
a hungry child is fed ... a family gets water ... a family  
receives the tools to overcome poverty.**

# CREATING AN ONGOING LEGACY OF TRANSFORMATION

The World Vision Endowment Fund supports us in taking a long-term view, ensuring the sustainability of our three organisational priorities:

- 1** Supporting vulnerable children to live a full life.
- 2** Walking alongside First Nations people to determine their own future.
- 3** Restoring land to reduce the impacts of a changing climate.

# HOW YOUR ENDOWMENT GIFT HELPS

**DONOR GIFTS**

**SAFE INVESTMENTS**

**INTEREST**

**WORLD VISION PROJECTS**

Gifts to the Fund become a permanent contribution to World Vision's projects and can be made through direct donations of cash or shares, gifts in Wills, and proceeds of property sales with other giving methods available in discussion with our team.

In partnership with the World Vision Australia Board, the Fund is managed by Perpetual Trustee Company Limited. This global financial service organisation has been creating prosperity for its clients for over 135 years. The World Vision Australia Investment Policy guides the investments of the Fund,

ensuring socially responsible and ethical investments to create ongoing income streams for the future.

As the Endowment Fund grows stronger, so does the annual income stream, enabling your support to create an indelible impact now and in the future. Together, we lay the foundation today for a lasting generational impact.

These funds now help to support our projects and programs, transform the lives of vulnerable children, their families and the community and will continue to do so well into the future.

## A JOURNEY LEADING TO A LEGACY...

*"It feels really good to be a part of this and to know that I'm creating a legacy of goodwill for future generations of children."*

Andrew Stephenson started his journey with World Vision Australia in 2009 when he chose to begin sponsoring a child in Ethiopia.

He's seen his sponsored child's life transform through letters and photos – and witnessed him develop from a young, vulnerable child to an aspiring doctor with opportunities to thrive.

Andrew feels a deep concern for the vulnerability of children in the communities where World Vision works, particularly for the women and girls who walk long distances to collect dirty water to survive. Knowing that World Vision addresses these circumstances is what has motivated him to give.

# INVESTING IN THE FUTURE

*Picture a world where children are full of promise.*

*Now, feel the joy that comes from knowing you can help make this world a reality.*

With World Vision, you will be part of an effective collaboration that leverages your capacity to create an ongoing legacy of transformation with our decades of experience. You can make a tangible, sustainable difference in the lives of millions of children, families and communities seeking to lift themselves out of poverty.

Our work is backed by evidence, informed by best practice development models and supported by a global team of technical and country experts.

# YOUR ONGOING SUPPORT ALLOWS US TO...

## **Partner with communities to transform children's lives, so you can:**

Empower communities to build and maintain their water and sanitation facilities and infrastructure.

Help families improve their incomes and resilience.

Help transform communities into places where children are safe from danger.

Support women to reach their full potential by living safe, fulfilled and productive lives.

Help bring lasting, quality education to more children so they can secure their futures.

## **Partner with nature and communities to slow climate change, so you can:**

Support our Australian-led environmental innovation called Farmer Managed Natural Regeneration (FMNR).

Help restore one billion hectares of degraded land in countries all around the world.

Help us slow climate change and lift families out of poverty.

## **Collaborate for First Nations progress, strength and advocacy, so you can:**

Support First Nations children, families and communities to create sustainable change.

Help to create early learning programs and provide support for parents, so First Nations children no longer fall behind in developmental milestones.

Support First Nations young people to take charge of their future and deepen their connection to culture and community.

Help mobilise existing local leadership to address gender-based inequality and family violence in congregations and the wider community.

A group of children are running in a field at sunset. The scene is bathed in a warm, golden light from the setting sun, which is positioned behind a large tree in the center. The children are silhouetted against the bright background, and their movement is captured in a slightly blurred manner, suggesting a sense of joy and freedom. The overall atmosphere is peaceful and hopeful.

**YOUR PASSION,
