

## Food security – Bali and Sumba

1. Watch the DVD chapter **without taking notes**. After the first viewing, attempt to answer the following questions:

Describe the landscape, soil and weather in Sumba, Indonesia.

What are the challenges to food security in Sumba, Indonesia?

What strategies are being used to address these challenges to food security?

If you could meet with Denta (World Vision Indonesia), what questions would you like to ask her about Sumba?

2. View the DVD chapter a second time and add information to the questions above.
