## What I've Learned in IMPACT

During reflection & evaluation meetings with my club, I used my Journal to evaluate my competencies and growth. Here is the place where I get to display my achievements in each of the 5 main competency areas of IMPACT.

---

**Blue: Basic**

**Orange: Medium**

**Green: Advanced**

---

On the following page, my IMPACT leader will give me the stickers corresponding to the level of achievement (blue, orange, or green) and the competency area (project management, personal & group management, technical, innovation & creativity, or communication).

Just like stamps in a national passport show the places we've visited, so these stickers show the learning I've accomplished.

I can proudly collect these stickers as a way to measure my growth and achievement over time!

# The IMPACT Commitment

## I promise...

- To discover myself and understand who I am through living the IMPACT values
- To continually work to improve myself, my community, and the world I live in
- To have a healthy, balanced lifestyle for myself and those around me
- To get involved as an active citizen for the good of my community
- To be in solidarity with the vulnerable and those who are struggling
- To respect and care for the environment
- To not encourage corruption and to fight to eliminate it from my community
- To be a role model and inspiration for those around me
- To share what I have learned in IMPACT with others
- To be the change I want to see in the world
